

Dear Pawtucket School Department Employees and Families,

Welcome to the New Aflac Benefit Options Available during Open Enrollment 2024!

We are excited to work with each of you to customize the AFLAC Benefits coverages to help you/your family financially should a health event occur. Claims are paid directly to you/your family to use for what you see fit, such as helping with bills – rent/mortgage, utilities, groceries, gas, child care, pet care, copays, deductibles and other everyday living expenses.

Disability, Accident, Cancer, Critical Illness, Life, Vision and FSA is being offered.

What should I do?

Attend the Education Session at your School beginning the middle of May – schedule will be posted at your school - to learn about the options available.

Personalized Benefit Consultations will be provided to ALL Pawtucket School Department employees during Open Enrollment. These can be done in person at your school or via phone/zoom. This is your opportunity to ask questions, personalize and elect coverage.

Website – Please scan the QR Code to learn more about Aflac and the plans that are available to you. Open your phone’s camera and point. Click “pop-up”!

My team and I look forward to helping you with the AFLAC Benefit options.

Thank you!

Christina Hartmann
